from the Statement showing the financial position of the Panchayat, it will be seen that the normal receipts and Expenditure for the years 31-32 are respectively Rs 460/- & Rs 460/-. The total recurring Expenditure on account of the two Schemes is stated to be Rs 470. But no details for this sum of Rs 470 are available in the records. In this connection it has to be remembered that the Dist. Bd. has agreed to contribute 1/2 of the total maintenance charges not exceeding Rs 200/-. It is not clear whether the above sum of Rs 470/- is exclusive of the above sum of Rs 100/- so far as the Expenditure on account of the 15 Street lights in the village goes, the cost will be Rs 180/- as seen from the Records. To this has to be added Rs 100/- being the other half of the total maintenance Charges connected with the Water Supply Scheme which the Panchayat have resolved to meet from their own funds. These two items amount to Rs 280/- and it is not known what the remaining amount of Rs 190/- represents. It is for consideration whether the question of sanctioning the levy of optional taxes may be deferred till the disposal of the Water Supply Scheme. In the meantime, information will be called for about the details for Rs 470/- referred to above.

GENERAL SECTION
11 JULY 1933
No.

SIR,

In forwarding herewith copies of letters Nos. C.2(a) 2098/32-33 dated 26-1-1933 and C.2 (a) 2098/32-33 dated 29-5-1933 from the Deputy Commissioner, Bangalore District, regarding the levy of optional tax by the Satnur Village Panchayet in Kankanhalli Taluk, for meeting the expenditure involved in connection with the Electric and water-supply scheme for the village, I have the honor to state that the Deputy Commissioner has reported that the electric installation has been started and that a water supply scheme for the place is under active consideration and that the recurring expenditure on account of these two schemes will be about Rs 470/- per annum. As the annual income of the Village Panchayet which is Rs 641-7-5 does not leave a sufficient margin for meeting this additional expenditure, the Village Panchayet has, after observing the prescribed formalities, resolved to levy under Section 37 of the Village Panchayet Regulation a water tax and a lighting tax of annas two each on every rupee of the compulsory tax now being levied by the Village Panchayet. It is calculated that by this additional levy, a sum of Rs 112-8-0 will be realised.

2. In the circumstances, I recommend that the sanction of Govt. may be obtained to the levy of the optional tax as recommended by the Deputy Commissioner, subject, however, to the condition that it should not exceed Rs 6-12-0 per annum on any khate.

3. The records accompany.

I have the honor to be,

Sir,

Your most obedient servant,

Revenue Commissioner.

M.B.R.

Letter No. C.2 (a) 2098/32-33 dated 26th January 1933 from the Deputy Commissioner, Bangalore District, to the Revenue Commissioner in Mysore.

I have the honor to state that the electric installation at Satnur was started recently and water supply scheme for the village is under active consideration. As the Satnur Panchayet has to shoulder additional financial responsibility on account of the recurring expenditure involved by these two Schemes, the Panchayet has proposed to impose (1) a water tax, (2) a lighting tax, each at Rs 0-2-0 per rupee of the present demand. From the resolution of the Panchayet dated 24-8-1932, it is seen fx that there were no objections received within a period of one month after notifying the proposal to impose the said taxes, and the necessary formalities as per rules have been observed. As the resources of the Panchayet require improvement for shouldering their additional responsibility, I request you to be so good as to obtain sanction of Government for the imposition of the taxes at an early date. An extract of the resolution of the Panchayet dated 24-8-1932 with the report of the Amildar and the Sub Division Officer thereon is herein enclosed for kind reference.

Letter No. C.2 (a) 2098/32-33 dated 29th May 1933 from the Deputy Commissioner, Bangalore District, to the Revenue Commissioner in Mysore.

With reference to your Docket No. C.3085/32-33 dated 8th February 1933, regarding the levy of optional tax by Satnur Village Panchayet, for meeting the expenditure involved for the Electric and Water Supply Schemes, I have the honor to state that it is reported that all the formalities required for the levy of optional tax have been observed.

It is also reported that the annual income of the Village Panchayet is Rs 641-7-5. that the accumulated balance at the credit of the Panchayet is Rs 1724-1-5, that the amount anticipated to be realised from the levy of the optional tax is Rs 112-8-0 and that the recurring expenditure involved by these 2 schemes is Rs 470/- per annum.

The file of correspondence ending with Closepet Sub Division Officer's Memo No. A.1-300/32-33 dated 29th April 1933 is submitted for reference and return.
